AWARD ATTACHMENTS

State of Alaska, DCCED

01487-02

1. Terms and Conditions
2. Budget and Funding Summary

***Award Conditions to the Financial Assistance Award
Between the Denali Commission and
the Alaska Department of Commerce, Community, and Economic Development
For Upgrade of the DCRA Community Database Online
Award No. 1487, Amendment 2
March 2018***

All changes to the award conditions are noted below.

1. Add the following to the scope of work originally summarized in Attachment A dated November 25, 2015:

DCRA will provide maintenance of data currently hosted on the community on-line database. Work will include moving tank points to actual locations based on currently available aerial and community profile imagery and other sources provided to DCRA. Also, inconsistencies in the naming of data fields will be corrected.

DCRA will incorporate data gathered during the bulk fuel capacity assessment project. Approximately 89 variables will be included as well as photos taken during the assessments. Work will include coordinating with the bulk fuel capacity assessment staff to connect the data collected to the appropriate tank farm(s) and reconcile inconsistencies between the existing data and the new data collected.

If the data collected as a result of DEC's Class 2 tank farm registration effort becomes available and time and budget allow, DCRA will add that data to the community on-line data base. Work will not start on this effort without prior authorization from the Commission's Program Manager.

2. The performance period is extended to December 31, 2018.
3. Replace the Original Budget and Funding Summary with the new Budget and Funding Summary dated 7 March 2018
4. Increase funding by \$20,000

There are no other changes to the original Financial Assistance Award, as amended.

BUDGET				
Line	Item	Provided By	Amount	Basis/Notes
